Dear Parents, Guardians, and Caregivers,

Beginning today and continuing next week during Physical Education class, students will participate in the high elements portion of the Project Adventure unit of study. This unit focuses on character building, creative thinking, problem solving, teamwork, communication skills, and responsibility/respect. Project Adventure, by virtue of the tasks, calls students to step out of their comfort zones, realizing their full potential. Students will challenge themselves by exploring the high elements and/or climbing the rock wall.

Enjoy the weekend with your families.

Very truly yours,  
Alison Salerno  
Principal
